**Subject:** Draft Deschutes Decision Memo

Hi Jim C. and Jim H.,

The latest version of the Deschutes decision memo is ready for your review and feedback. We wanted to give you as much time as possible to review this, but please note that we are having a Regional discussion this Friday to go over some of the remaining outstanding issues. Some of the write-up may change based on those discussions.

Feel free to put your comments into the document itself, using the One Drive link below. The scheduling is still in flux for our briefing with the RA, but it is looking like that might happen sooner rather later. With that, I'd appreciate you providing me your comments, especially any significant concerns, by **COB May 8**.

R10 folks – feel free to review my edits/responses to your feedback, and we can use this document for reference on Friday.

Thanks everyone for your help!
